

# From Jerusalem to the Ends of the Earth

The Kettering Weekend

March 2019

Hello everyone in school years FS - Y7,

We're looking forward to seeing you soon!

Our theme this year is based in the book of the Acts of the Apostles, looking always that the apostles were witnesses, telling people about God's message. We'll be thinking about how we can be witnesses, too.

You don't need to bring anything except your Bible (though you may want to bring swimming things or wellies, depending on what your parents have planned for you to do on Saturday afternoon.). There are at least 11 children in each class and you're with children in your school year and either the one above or below. We are sure there will be some old friends to meet up with as well as some new people to get to know. We've planned loads of exciting activities and games to get you learning in a fun way!

With love from all the Kettering Weekend Teachers.
